

SUPER GRES EP 00

Lithium Thickener High
Performance Grease

Description

Multi-purpose grease based on lithium thickener, improved by extreme pressure additive.

Applications

It is used for the lubrication of impact loaded heavy duty bearing. Type 00 is used in especially central lubrication system of heavy duty vehicles. It can be used up to temperature 110 °C.

Benefits

- Suitable for pumping via central lubricating systems, even through capillary tubes.
- Reduces maintenance and labor costs.
- Highly resistant for water-wash out.
- Prevents the system against rust and corrosion.
- Provides excellent protection under severe and impact loading with high-pressure resistance characteristic.

Performance

DIN 51825-GP 00 G-30

Typical Specifications*

Thickener Type		Lithium
NLGI		00
Colour		Yellow
Base Oil Viscosity, 40 °C, mm ² /s	ASTM D 445	220
Timken OK, lb	ASTM D 2509	50
Dropping Point, °C	ASTM D 566	>160
Welding Load	ASTM D 97	250
Rust Test	ASTM D 1743	Pass

* Values shown may differ between productions.
