

KAUÇUKLU GRES

Calcium Thickener Automotive Grease

Description

Calcium thickener grease, produced from high qualified base oils.

Applications

It is developed for journal and ball bearings operating under light-medium loads with medium and high speed.

Benefits

- Reduces consumption, due to its fiber structure and ability of adhesion onto the metallic surfaces.
- Has excellent oil separation characteristic.
- Ensures reduction in costs where operation conditions are not severe.
- Prevents the system against rust and corrosion.

Performance

DIN 51825-KP 2 E-10 (Kauçuklu Gres), DIN 51825-KP 3 E-10 (Kauçuklu Gres 3)

Typical Specifications*

		Kauçuklu Gres	Kauçuklu Gres 3
Thickener Type		Calcium	Calcium
NLGI		2	3
Colour		Green	Green
Base Oil Viscosity, 40 °C, mm ² /s	ASTM D 445	1000	1000
Timken OK, lb	ASTM D 2509	40	40
Dropping Point, °C	ASTM D 566	>95	>95
Welding Load	ASTM D 2596	200	200
Rust Test	ASTM D 1743	Pass	Pass

* Values shown may differ between productions.
